

**Grade 10 Communications Technology (TGJ 201) Performance Task
Presentation Scope and Evaluation**

Mr. Brunato

Important Note

You will be coming in during the exam time during the scheduled day for the corresponding period.

Presentation

Provide a meaningful discussion about the video that you produced with your group.

You will divide the content of the presentation with your group members and present together.

It is your choice to show the video first, then present, or present first, then show your video

Include the following in your discussion*:

- How you developed your idea
- How you matched the mood of the sound clips from www.incomptech.com with the various moods of your video
- How you used your skills from previous projects and any improvements you made from them
- The difficulties that you may have encountered
- Account for any difference from your storyboard and your final edit

* Please note that the topics of discussion are subject to change, however, you will be given advance notice.

Presentation Group Effort, Individual Mark	10 11	12 13	14 15	16 18 20
Discussion progresses systematically; Voice is clear, audible and well paced; Discussion is very persuasive; Good citizenship* adhered to for each and every presenter * Good citizenship basically means that you are respecting your classmates by giving them your undivided attention when they are presenting.
