This course enables students to further develop media knowledge and skills while designing and producing projects in the areas of live, recorded, and graphic communications. Students may work in the areas of TV, video, and movie production; radio and audio production; print and graphic communications; photography; digital imaging; broadcast journalism; and interactive new media. Students will also expand their awareness of environmental and societal issues related to communications technology, and will investigate career opportunities and challenges in a rapidly changing technological environment.

Curriculum

Students final report card grade will be based on the evidence provided of these overall curriculum expectations:

A. COMMUNICATIONS TECHNOLOGY FUNDAMENTALS

- A1.** demonstrate an understanding of the core concepts, techniques, and skills required to produce a range of photographic, digital imaging, animation, 3D modelling, and/or web design products or services;
- A2.** demonstrate an understanding of technical terminology, scientific concepts, and mathematical concepts used in photography, digital imaging, animation, 3D modelling, and/or web design and apply them to the creation of media products;
- A3.** demonstrate an understanding of and apply the interpersonal skills necessary to work effectively with clients and peers.

B. COMMUNICATIONS TECHNOLOGY SKILLS

- B1.** use project management techniques effectively in the development of photographic, digital imaging, animation, 3D modelling, and web design products;
- B2.** apply a design process or other problem-solving processes or strategies to meet a range of challenges in creating photographic, digital imaging, animation, 3D modelling, and web design products;
- B3.** create productions that demonstrate competence in the application of creative and technical skills.

C. TECHNOLOGY, The ENVIRONMENT, and SOCIETY

- C1.** describe the environmental impact of communications media technologies, and identify ways of minimizing their harmful effects;
- C2.** demonstrate an understanding of social effects and issues arising from the use of communications media technologies and the importance of respecting cultural and societal diversity in the production of media projects.

D. PROFESSIONAL PRACTICE and CAREER OPPORTUNITIES

- D1.** demonstrate an understanding of and apply safe work practices in the use of photographic, imaging, and computer equipment;
- D2.** identify careers in photography, digital imaging, animation, 3D modelling, and web design, and describe the skills, work habits, education, and training required for entry into employment in these fields.

Your Report Card Grade will be determined as follows:

<p>Term work: 70% of your grade will be based on all of the evidence you have provided. It will reflect your most consistent level of achievement with special consideration given to more recent evidence.</p>	<p>18% Knowledge & Understanding: Emphasizes the ability to recall factual information, recognize fundamental concepts and the foundational skills of the subject/discipline.</p> <p>25% Application: Emphasizes the application and integration of knowledge, skills, processes and techniques to produce evidence of the student’s understanding.</p> <p>17% Thinking: Emphasizes the thinking skills used in thinking processes to demonstrate the student’s understanding of information they have processed.</p> <p>10% Communication: Emphasizes the clear, precise and effective use of oral, written and visual language to communicate the student’s understanding of information and ideas.</p>
<p>Final Evaluation: 30% of your grade will be determined at the end of the course.</p>	<p>30% Performance Task</p> <p>0% Written Exam</p>
<p>Your final grade will be calculated by combining your Term (70%) grade and your Exam and Performance Task Evaluations (30%).</p>	

Academic Standards

It is your responsibility to provide evidence of your learning within established timelines. Due dates for assignments and the scheduling of tests will be communicated well in advance to allow you to schedule your time. If you aren’t going to be able to follow an agreed upon timeline you should demonstrate your responsibility and organizational skills by discussing with your teacher the challenges you’re facing as far in advance of the deadline as possible.

It is your responsibility to be academically honest in all aspects of your schoolwork so that the marks you receive are a true reflection of your achievement.

Plagiarism is using the words, ideas or work of someone else without giving appropriate credit to the original creator. This is a form of cheating.

Consequences for not meeting these academic standards may include:

- Reporting the issue to your parents;
- Requiring you to complete the original or alternative work after school or during your lunch hour;
- Requiring you to complete an alternative assignment;
- Suspension;
- Assigning a “zero” for an assignment not completed prior to an agreed upon closure date;
- Mark deduction of 5% / day.

NOTE: the complete HDSB policies and administrative procedures for “Lates and Missed Assignments” and “Cheating and Plagiarism” policies may be found at www.hdsb.ca
