

### Instructions

Having tested your trebuchet, write a report on the process of investigating, creating, testing and modifying your design. The content of the report is the answer to a series of questions.

- Answer the questions on this sheet in rough.
- Rewrite the questions and your answers in paragraph form **on a separate sheet of paper**.
- Write a minimum of one paragraph to answer each question.

### Questions

Which adjustment made the biggest difference to your trebuchet's ability to meet the design challenge?

---

---

---

---

---

---

---

---

What advice would you give someone who is about to start the trebuchet project. Explain.

---

---

---

---

---

---

---

---

If given another chance to build a trebuchet, what would you do differently?
